SOURCE

- 25X1A 1. In early 1952, [ ] conference held by the Manager of the Deutsche Handelszentrale Kraftstoffe und Mineraloel (German Trade Board for Fuels and Mineral Oils), with Kurt Preiss, manager of the Mineral Oils Department of the State Material Supply Administration<sup>1</sup> and the manager of the Mineral Oils Department of the Main Administration of Chemistry<sup>2</sup> present.
2. The scheduled modification of DIN standards in East Germany was discussed at this conference. The result of the conference was that the DIN standard would in principle still be considered as binding and would be modified only in special cases.
- 25X1A 1. [ ] Comment: State Administration of Material Procurement.
2. [ ] Comment: Probably HV Chemie, State Secretariat of Chemistry, Stones and Earth. This State Secretariat was reorganized 15 March 1953.
- 25X1A 3. [ ] Comment: The present report confirms that the German DIN standards are scheduled to remain in force even for fuels.
